

North Wales Substance Misuse Workforce Development Programme

**Spring Prospectus
April to June 2025**

Adferiad

The North Wales Substance Misuse Workforce Development programme offers a variety of free courses delivered by the Adferiad Learning and Development Team. These courses cater to individuals across the six North Wales counties and focus on addressing substance use and mental health issues. Adferiad, with its expertise in these areas, aims to deliver outstanding services to individuals with substance use problems, mental health problems, and complex needs in Wales.

The Workforce Development Program, is funded by the North Wales Substance Misuse Area Planning Board and Partners.

Key features of the courses include:

1. **Qualified Trainers:** Courses are delivered by qualified trainers who are also practitioners with firsthand knowledge of the topics they cover. This ensures that participants receive training from experts with up-to-date knowledge and practical experience in the field.
2. **Relaxed Environment:** Training sessions are conducted in a relaxed environment where participants feel comfortable asking questions and engaging in discussions. This approach fosters an atmosphere conducive to learning and skill development.
3. **Up-to-Date Content:** The courses are designed to provide participants with the most current knowledge and skills relevant to their roles. This ensures that individuals are equipped with the latest information, advice, and support strategies to address the needs of those they serve.
4. **Enhanced Support Delivery:** By equipping participants with relevant knowledge and skills, the program aims to enhance the quality of information, advice, and support provided to individuals with substance use and mental health issues. This, in turn, contributes to better outcomes for those accessing support services.

The prospectus outlines details of upcoming courses and provides information on how to enrol.

For further inquiries or additional information, interested parties can reach out to the Adferiad team at training@adferiad.org

Substance Use and Safeguarding

This course examines the link between substance use and safeguarding, teaching learners to identify risks, understand relevant legislation, and respond effectively.

Participants will gain practical skills to address safeguarding concerns and support individuals safely and respectfully.

Ideal for health and social care professionals.

Learning Objectives:

On completion of this course, you will have:

- Describe the effects of common substances and recognise signs of substance use.
- Identify potential safeguarding concerns linked to substance use.
- Explain the key principles of safeguarding and how they relate to individuals using substances.
- Demonstrate appropriate actions when responding to safeguarding risks in substance use cases.
- Develop person-centred strategies to support individuals while prioritising safety and wellbeing.

Additional Needs

Adferiad aims for our courses to be fully inclusive, and we can make adjustments at the request of learners. We need this information prior to the start of the course in order to plan delivery to meet your needs.

What are your experiences of substance use in your area of practice? Please include an explanation and rating of the extent of your own knowledge, where 1 = little knowledge, and 5 = expertise in the sector.

Why do you want to attend the course?

Is there a particular area of focus that would benefit your professional practice?

Do your clients have any emerging needs in relation to substance use?

What age group do you work with?

Do you require additional support to participate in this course? e.g. a paper colour other than white, materials in large print.
Please specify:

Do you require materials in Welsh?
